

Media consolidation
is TERRIBLE for
democracy because it
makes public opinion
available to the
highest bidder;
Sinclair should
never have been
allowed to get as
big & powerful as
it is. The airwaves
belong to the PUBLIC
and Sinclair is
monopolizing them, &
in fact is about to
use their undue
influence to sway
the upcoming
election by
broadcasting this
anti-Kerry
propaganda. This of
course serves them
because the Bush
administration has
consistently
de-regulated various
industries to allow
big companies to get
bigger.
